EVISA TRAVEL ECO MISSION

(2026 edition)

Almaty

We support sustainable tourism: we raise awareness among our employees, clients and partners, reduce the negative impact of our work on the environment and contribute to the development of the local community.

«Evisa Travel» LLP is a visa centre and travel agency in Almaty, operating since 2012. The company is a member of the Travelife programme (Travelife Partner status) and is working towards Travelife Certified status.

Our principles

1. **Paperless office.** Electronic contracts and digital signatures; documents are sent to clients by e-mail and messengers; we print only when necessary and double-sided.
2. **Careful use of resources.** LED lighting, energy-saving equipment, monthly monitoring of electricity and water, switching off equipment after work.
3. **Less single-use.** Reusable tableware and stationery in the office, gifts for clients without unnecessary packaging.
4. **Responsible purchasing.** Local suppliers, reusable products, eco-labelled cleaning products, no aerosols.
5. **Responsible partners.** Tour operators from the state register of Kazakhstan, priority for eco-certified accommodation, no activities with captive wild animals, zero tolerance for child exploitation.
6. **Informed travellers.** Every client receives the Traveller Guide on safe and responsible travel.
7. **Team training.** Employees complete sustainable tourism training every year.
